

WARE - SCREENING REPORT		
SUBJECT NAME: Isabella Schiavone		
METHODOLOGY: Rorschach test		
MEDICAL EXAMINER: A. Rhodes Ph.D		
DATE: 2018/03/15		

	<p>PATIENT RESULTS:</p> <p>Patient's initial response to the ink blot was a scary mask that you'd only find at halloween.</p> <p>She later revised her answer and said a big bug, like a scarab mid flight.</p>
---	---

MEDICAL EXAMINATION EXTRACT:	
<p>[12:47] During the patient's daily joint exercise, junior medical staff reported a light flashing on one of the display panels attached to the exosuit's backpack.</p> <p>[13:02] Supervisory staff have recharged the suit's life support system; the display panel is now steady. This finding to be included in tomorrow's department report email.</p>	

SCREENING FOR POTENTIAL FOR HARM TO SELF OR OTHERS
